Capabilities Statement

General Overview

Jacquart Fabric Products, Inc. (JFP) is a wholly U.S. owned small business located in a HUB Zone in Michigan's Upper Peninsula. Over the past 50 years, JFP has evolved from a small cut and sew operation to a world class manufacturing company in an 80,000 square foot facility that can sew and assemble a wide range of products. We find great pride and excitement in our ability to take on any project. Examples of our diverse range of production items include:

- Large tarps for the trucking industry
- Motorcycle seats
- Speed skating rink pads
- Large custom tents and enclosures
- Hard protective cases
- Winter hats and outerwear
- Heavy machinery covers

JFP also operates three private brands: Stormy Kromer Mercantile, Paus Pet Products and Stone Legacy.

Why JFP?

Experience

JFP has a proven track record as the Midwest's premier diverse cut and sew manufacturing facility. Its experienced and committed staff has hundreds of years of combined experience and has worked as a team to provide many custom solutions for businesses and industry across the region and the U.S.

Expertise

JFP's uniqueness lies in the blending of our highly skilled workforce with a wide range of sewing, acrylic and vinyl welding, and cutting technologies. By using Optitex PDS nesting software with award-winning skill, JFP has solved many problems right from the start by cutting and aligning work more accurately than its competitors. Because of its many diverse manufacturing requests, JFP has a full range of machines, including light to heavy duty sergers, automated tackers, drop and compound feed single needle machines and both hot air and RF welding.

People

Enough cannot be said about the employees of JFP. Intelligent and committed, our staff takes pride in both what they do and the small, close-knit community in which they live. From the family ownership to the 13 member management team (with an average 12 years of service) to the production workers, they all work hard, share similar values and celebrate the success of the company in this rural area.

Services

Contract Sewing & Upholstery

JFP is a premier manufacturer of sewn and upholstered goods for an array of OEM applications. We manufacture both small and large volume production runs and combine cost-effective design principles with quality components and materials. Our high standards are reflected in our work – in 2008 we produced 61,000 sewn and upholstered products for one of our customers, with zero defects. JFP's ability to produce a diverse array of products can be seen in this sample list of our contract projects:

- Medical facility waiting room furniture
- Motorcycle backrests and seats
- Premium pet beds
- Fishing rod cases
- Wool caps and outerwear
- Orthopedic pillows
- Tarps and canopies for consumer playground sets
- An array of bags, pouches and cases

Computerized Cutting

JFP's fully computerized and automated cutters – a Lectra Vector 2500 multiple ply cutter and an Eastman EC9 single ply cutter both using Optitex PDS software – help us meet our customer's exact needs, specifications and quality expectations.

Embroidery

JFP's 20+ embroidery heads, experienced operators and digitizing technology can effectively translate nearly any logo, emblem or slogan onto apparel or most any other sewn products before or after production.

Tarps, Covers & Awnings

JFP manufactures an array of standard and custom-designed vinyl and canvas products including heavy-duty truck tarps, tents and other covers.

Large Format Printing

JFP can create signs, banners and other items on a variety of materials, including vinyl, nylon and paper with its full-color large format printing capabilities. JFP printed products feature waterproof inks and are guaranteed to resist fading for 2 years.

Custom Solutions

Since 1958, JFP has designed, engineered and manufactured thousands of distinct and innovative products. Our skilled staff has the right combination of technical savvy and craftsmanship to bring an idea for most any sewn product to fruition.

Geographic Scope

JFP drop ships parcel packages for major catalogs and retailers using FedEx and UPS to all 50 states, Canada, Asia and Europe. We offer just-in-time delivery to multiple locations or via truckload to any location worldwide using the carrier of your choice.
